CasaTunes®
CT-4+ and CT-8+ Music Systems

A compact, full-featured, multi-room music solution, CasaTunes® Music Systems bring audio harmony to every household. The CT-4+ has 5 streams of music, 1 external input and 5 stereo outputs (4 analog and 1 digital optical), all CD lossless quality. The CT-8+ which has 9 streams, 2 external inputs and 9 stereo outputs. Any room can listen to any stream - CasaTunes enables everyone to listen to the songs they love and achieve the atmosphere they desire. Plus, you can add up to 5 wireless rooms to any CT-4+ or CT-8+ using CasaTunes Air.

Always find something to listen to.

These CasaTunes CT Music Systems offer up to nine sources of streaming music and up to two external sources..

- Listen to songs from existing Mac or PC iTunes® libraries or your Microsoft® Windows® Media Player library – including Windows-protected music. Includes 1 TB of storage.
- Catch new releases or old favorites on Internet radio using Tidal™, Pandora™, Spotify™, SiriusXM™, SHOUTcast™, JazzRadio.com™, TuneIn™ and many more. (Some services require subscriptions)
- Use external tuners to listen to Satellite Radio, HD and traditional AM/FM radio.
- Listen to music from iPod touches, iPhones, iPads or iTunes on Macs or PCs in any room(s) wirelessly via CasaTunes, using CasaTunes Air.
- Enjoy music from uPNP/DLNA media servers and other DLNA devices..

Controlling what you want to listen to has never been easier.

CasaTunes offers a number of ways to easily listen to your music. Whether you need to quickly change the volume in a room or turn off all the rooms in the house. Pick music or search for your favorite, use these apps to quickly get you there:

- Free iPad, iPhone, and Android Tablet and Phone Apps.
- A browser on any computer in your house..
- Choose an optional CasaTunes Keypad for quick, local control.

Also, drivers are avalable for easy integration into Control4,RTI, URC, Compass Control, Roomie and Loxone control systems.

*Wireless rooms cannot play music from external sources plugged into your current system
